🌐 [linkedin.com/in/vonusma](https://www.linkedin.com/in/vonusma) 🌐 sergio-usma.github.io/sergiusma/

Multidisciplinary Strategic Consultant and Published Author with over 10 years of experience leading the intersection of high-impact project management, artificial intelligence (Edge Computing / NVIDIA Jetson), maritime and offshore safety (MARPOL, IMO, DIMAR), and public administration (MGA, SECOP, State Contracting). Expert in designing and implementing disruptive technological and pedagogical solutions. Proven track record in managing budgets exceeding \$4M USD, recovering 16,000+ direct jobs, formulating 18+ public investment projects, and directing international cooperation initiatives (USAID/DAI, UN).

CORE COMPETENCIES & KEYWORDS

- **Project Management:** PMI, PRINCE2, MGA Methodology, FONTUR, Project Formulation & Evaluation, Risk Management.
- **Technology & AI:** Generative AI, Edge Computing (NVIDIA Jetson AGX Orin), Azure AI, Google Data Analytics (SQL, R, Tableau), Full Stack Web Development, GIS (ArcGIS).
- **Maritime & Offshore:** IMO Regulations (STCW), MARPOL, IMDG, ISM Code, Marine Surveying (Pollution & Hydrography), Vessel Inspection, DGNSS, Multibeam Echosounders.
- **OHS & Prevention:** ISO 45001, ISO 14001, ISO 9001, OHSMS (SG-SST), Accident Investigation, Safe Work at Heights, Firefighting.
- **Public Sector & Governance:** State Contracting (SECOP), Public Policies, Internal Control, International Cooperation Management (USAID, UN), Ruling T-606.
- **Sustainable Tourism:** Regional Tourism Planning, Ecotourism, Community-Based Tourism (CBT-TOT), Collaborative Economy, Smart Destination Management.

PROFESSIONAL EXPERIENCE

Technical Director and Validator of Training Processes (January 2026 - April 2026)

Consultores de Políticas Comunitarias S.L. Colombia

- Integral direction of the project "Strengthening technical capacities for ecotourism management in 10 prioritized areas (Ruling T-606)" (Contract PS-0711-2026-01, Value: \$28,044,000 COP).
- Accumulation and validation of 100 hours of applied training directed at tourism micro-businesses, guaranteeing technical coherence of deliverables and successful project closure.
- Leadership in articulating entities, dependencies, and institutional actors, supervising the master work plan and schedule.

Inspector of Marine and Fluvial Pollution Prevention (April 2025 - Diciembre 2025)

Port Captaincy of Santa Marta - DIMAR (General Maritime Directorate)

- Technical inspection of vessels and naval artifacts during hydrocarbon, waste, and debris loading/unloading operations, ensuring strict compliance with international IMO regulations and DIMAR guidelines.
- Verification of onboard operations related to waste management, dangerous goods (IMDG), and ballast discharge in accordance with the MARPOL convention.
- Recording of findings, drafting of technical reports, and uploading of results into official maritime authority formats, contributing to marine environment preservation.

Technical Advisor - EMPRETUR Caribbean Region Project (January 2025 - March 2025)

Colombian Association of Responsible Tourism (ACOTUR)

- Technical strengthening of 21 tourism productive units in the departments of Magdalena, Cesar, and Bolívar.
- Execution of comprehensive diagnostics, formulation of tourism strengthening plans, and investment plans following community-based tourism methodologies.
- Conducted field visits and socialized results with unit representatives in municipalities including Manaure, La Paz, San Diego, Cartagena, and Mahates.

Senior Consultant in Tourism, Digital Innovation, and Strategic Planning (April 2024 - November 2024)

Tornus Agency

- Coordination of the "Sierra Nevada Trail" project for DAI International/USAID: trail routing and diagnosis of tourism adequacy and governance, co-created with Kogui, Wiwa, and Arhuaco indigenous communities.
- Leadership of the "Macondo Route" project for the Universidad Autónoma del Caribe: development of 10 tourism experiences in Magdalena with a collaborative economy approach.
- Implementation of Geographic Information Systems (GIS) and design of national and international promotion and commercialization strategies.

Acting Head of Departmental Tourism Office / Professional Advisor (March 2021 - March 2023)

Governor's Office of Magdalena

- Acting as the highest subnational tourism authority: Integral management of the sector in governance, education, productivity, safety, and innovation.
- Leadership of technical working groups for the execution of tourism development projects with budgets exceeding \$1M USD managed through national funds.
